NANO CLIP, FIGHT BLUE LIGHT IN JUST ONE CLIP!

Children spend most of their leisure time or study in front of screens of electronic devices, and it is of vital importance to protect them from the Blue Light.

Overexposure to Blue Light from electronic devices can cause damage to children's visual health and increases the risk of Age-Associated Macular Degeneration (AMD), as their visual system is in development.

Some of the harmful consequences that are attributed to this light are:

In Nano Vista we wanted to go a step further and develop the **Blue Block clips**. In just one clip, they protect children from the harmful rays of the Blue Light and neutralize its harmful consequences without having to change frames or remove their prescription glasses.

The **Blue Block clips block 75% of Blue Light**, the highest percentage on the market.

REDUCES ELECTROMAGNETIC RADIATION AVOIDING THE INCREASE OF EYE TEMPERATURE THANKS TO ITS EMI TREATMENT

PREVENTS FLASHES AND IMPROVES THE VISUAL COMFORT THANKS TO ITS AR TREATMENT

NEUTRALIZE UP TO 30 TIMES MORE BLUE LIGHT THAN MOST OF THE GLASSES ON THE MARKET

*The solar clip / blue block is not adhere to the same flexibility and resistance characteristics as the frame.
