

A close-up portrait of a young woman with long, wavy red hair and freckles. She is wearing round, dark-rimmed glasses with red temples. She is blowing a stream of multi-colored confetti (blue, yellow, green, and purple) towards the camera. Her hands are cupped together in front of her mouth, from which the confetti is being blown. She is wearing a reddish-pink top. The background is a plain, light-colored wall. In the top right corner, there is a logo that reads "nAnoCool" in a stylized font, with "nAno" in white on a green rectangular background and "Cool" in black script.

KALEIDOSCOPIC

AN EXPLOSION OF COLOR

Have you ever tried the hypnotic effect of looking through a kaleidoscope?

The Greek origin of the word literally means "to observe a beautiful image."

This is the new NANO COOL collection with incredible chromatic blends, acetates that fuse their colors and join the metal for a magical, modern, and cool look... very cool!

Stardust, Funlight, Magic, and Spark are part of this exclusive Kaleidoscopic Collection. 4 models that will forever change the course of acetate frames for children.

Great for "really cool" boys and girls.

NANOcool

KALEIDOSCOPIK COLLECTION

INCREDIBLE ACETATE FUSIONS

Acetate sheets combined together to create a play of light and color at the front and on the ends of the temples.

SLIM TECH

Frames 20% lighter. Ultraslim acetates and metal temples to get a "cool" and stylish look.

**3-YEAR
WARRANTY**

OBE FLEX HINGE

High-quality flexible hinges made in German.
