

nano**sol**

OUR PRIORITY: VISUAL HEALTH

The consequences of prolonged sun exposure during childhood can be severe, and compromise your child's eyes. At Nano Vista our main priority is to take care of the visual health of children at an early age, our Nano Vista's superior sun protection helps prevent harsh elements that can cause damage.

All lenses include ANTI-REFLECTIVE COATING on the inside to prevent glare and improve protection and comfort.

And **BlueBlock™** protection to avoid the harmful rays of the Blue Light and UV, while allowing a clear reception and natural colours.

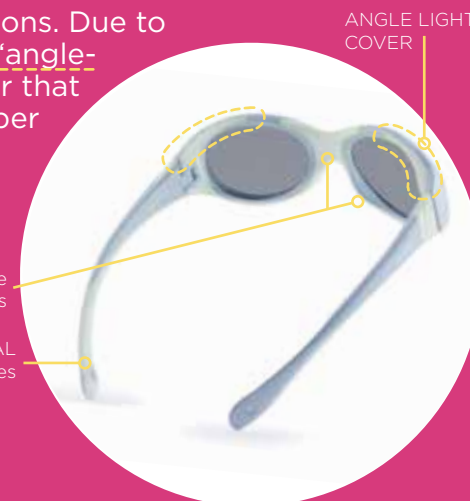

THE HIGH-QUALITY LENSES OUR BABIES NEED

Lenses prepared for optimal protection:

- ▶ **LENSES **BlueBlock™****
Protect from the harmful rays of Blue Light, reducing the risk of future eye diseases (AMD).
- ▶ **POLARIZED LENSES**
Protection against glare.
- ▶ **PHOTOCHROMIC LENSES**
Offer an adaptive change of intensity to ambient light, a technology never seen in sunglasses for babies.

Ergonomic design for babies:

Babies look up in most of the situations. Due to this, we have design the innovative "angle-light cover". A thin protective spoiler that allows the perfect fit around the upper part of the eyes, blocking the light rays from all angles.

Soft rubber on the inner bridge and on the lower rims

SUPERSOFT MATERIAL for the comfort of babies

INCLUDES MINI STRAP

for a better fit if necessary

NANO SOL FRAMES ARE DESIGNED FROM HIGH QUALITY MATERIALS

with different and innovative characteristics, and have been develop to adapt perfectly to children and teenagers facial morphology.

SOMFLEX™

All the softness, comfort and flexibility to enjoy the hours of light in the best way thanks to this patented ultra-soft material that provides high quality rubber finishes for wholesale comfort.

Somflex™ models: Nanito, Kooki, Malawi, Garda, Leman, Baikal, Atlin and Ness.

POLYCARBONATE

A resistant and lightweight material available in the original Nano Hands frames, featuring fun hand illustrations, universal symbols of union and understanding, and in the new tortoise frames with colorful temples.

Polycarbonate models: Glup, Splash, Bang, Boing, Boom y Oops.

URBANSTYLE

Get a cosmopolitan look with our new sun frames, more stylish than ever!

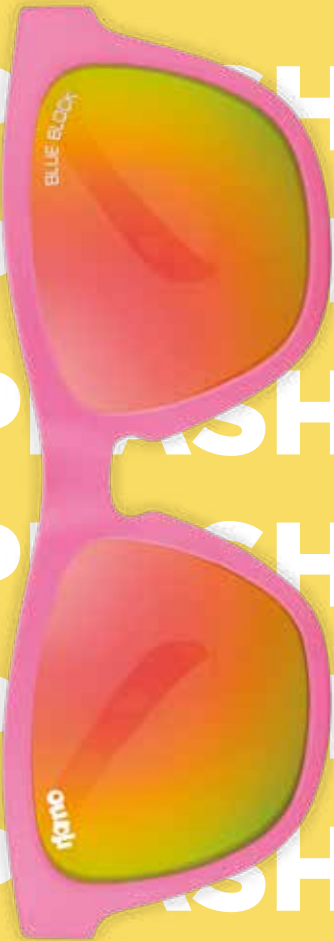

The Nano Hands collection renews the designs of its main models (Splash, Glup and Bang) giving rise to frames with front in tortoise finishes and colorful rods. A transgressive, urban and modern touch so that children and teens protect their eyes from the sun without losing style.

Green, red, purple, blue...

Find the one that fits you best!
